

Dear Students,

Cisco is awarding \$300,000 to support Global Problem Solvers and we are strongly encouraging you to attend the upcoming webinar on IoT and the Cisco Global innovation Challenge. Do you care about issues such as Poverty, inequality, climate change? Do you believe we can combine tech know-how, ingenuity, and social consciousness, to help people thrive, build new commerce, and become guardians of our planet? That makes you a Global Problem Solver and this webinar is for you.

You will have an overview of the IoT fundamental newly released course, explore what is expected from Global Problem Solvers and finally be prepared to put your ideas to light through the Cisco Global Innovation Challenge.

How to join the Online event:

<p>Step 1: Click Here to enroll in the Internet of Things Course</p>	
<p>Step 2: Enter the IoT Class and Follow the link 'Register for the Webinar' to Enroll in the Webinar course and Register for the Webinar</p>
